To Whom It May Concern,

I am writing to highly recommend Arshia Eskandari, who has been a valuable member of our team at Rudolf Exploration Inc. for 10.5 months since 13, July 2023, in the role of Junior Software Developer. In my capacity as Director and Lead Software Developer, I have had the pleasure of working closely with Arshia and have been consistently impressed by his skills, professionalism, and dedication.

During his time with us, Arshia has demonstrated exceptional proficiency in developing and maintaining features for web, mobile, and backend applications, as evidenced by his work on our Aruba Smart Map project. Arshia's redesign of our scheduling system stands as one of his greatest achievements, enabling simple inputs to automatically convert into complex, multi-day schedules, significantly enhancing booking processes, efficiency, and usability. His ability to breakdown complex and uncharted problems into actionable tasks has significantly contributed to the success of our team.

Arshia is not only highly skilled in his field, but he also possesses a remarkable work ethic. He is reliable, proactive, and always willing to go the extra mile to ensure the job is done to the highest standard. His positive attitude and excellent interpersonal skills make him a pleasure to work with and a great asset to any team.

I have no doubt that Arshia will excel in any role he chooses to pursue. He has my highest recommendation, and I am confident that he will bring the same level of commitment and success to your organization as he has to ours.

Please feel free to contact me at nigel@rxve.ca or 647-885-6443 if you require any further information.

Sincerely,

Nigel Mansell
Director
